- High polishing quality

Technical characteristics

Characteristics	Values
Dimensions:	90 w x 75 d x 212 h mm
Weight:	830 g

Applications

- Golf, skiing, auto racing, HDTV
- Stadium
- Wherever field termination is necessary

Advantages

- Lightweight
- Easy to use
- Rapid polishing process

WST Polishing machine

Part number	Power supply
WST.PM.POP.PCZ	US

DCS Polishing kit without machine for 3K.93C series

Part number	Description
DCS.F2.KP1.AZZ	Polishing jig for 3K.93C series

Note: Including complete polishing jig, F2 contact holder, a specific polishing plate, and all polishing film.

DCS Universal polishing kit without machine for F2 contact

Part number	Description
DCS.F2.KP2.AZZ	Polishing jig for F2 contact

Note: Including complete polishing jig, F2 contact holder, a specific polishing plate, and all polishing film.

DCS Universal polishing kit without machine for -- contact

Part number	Description
DCS.F7.KP2.AZZ	F7 contact polishing jig
DCS.01.KP2.AZZ	COELVER 01 polishing jig
DCS.RD.KP2.AZZ	REDEL D polishing jig

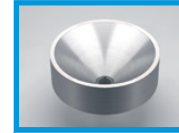

Note: Including complete polishing jig, contact holder, a specific polishing plate, and all polishing film.

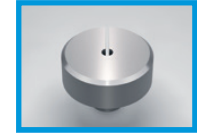

Contact holder can also be ordered separately:

DCS.F7.143.AZ

DCS.01.143.AZZ

DCS.RD.143.AZ

WST Additional polishing film (100 or 50 sheets)

Part number	Description
WST.PA.012.AJC20C1	Polishing film 12 μ (yellow)
WST.PA.003.DPC2050	Polishing film 3 μ (pink)
WST.PA.001.DPC2050	Polishing film 1 μ (purple)
WST.PA.M02.SBC2050	Final polishing film (white)

Polishing jig for optical contact

In order to complete our portable solution, you can also find jig for SC, MU, FC, LC, etc, at NTT Advanced Technology Corporation.
